EXPERIENCE

Dover Fueling Solutions, Huntsville, AL— *Network Support Associate*

October 2023 - Current

Provided advanced technical support for wireless products and collaborated with SaaS teams to ensure proper configuration of network firewall rules across national gas station networks. Contributed to ongoing network configuration improvements, resulting in reduced downtime.

Cumberland University, Lebanon, TN — *IT Specialist*

September 2022 - December 2022

Contributed to network configuration, security monitoring, and user support while balancing full-time studies and athletic commitments.

EDUCATION

WGU - Computer Science — *August 2022 - June 2025 (Expected)*

CompTIA Security+ Certification — *Valid: January 2023 - August 2026*

CompTIA A+ Certification — *Valid: January 2023 - August 2026*

PROJECTS

Cloud Infrastructure

Designed and managed an on-premise cloud infrastructure with seamless backup to RAID server for multiple devices. Hosted family services including VPN, cloud storage, and person websites using Hypervisor.

Full Stack Web App

Designing and Developed a full-stack web application using Next.js, MongoDB, and React to help users manage goals and schedules. Integrated user data management, authentication, and goal-tracking features with a focus on usability.
